

AUTHORIZATION AGREEMENT FOR DIRECT PAYMENT PROGRAM

MONTECITO WATER DISTRICT

Phone: (805) 969-2271
Fax: (805) 969-7261

Montecito Water District offers Direct Payment as a more convenient way to pay your bill. With Direct Payment you eliminate the risk of late payments. If you elect to participate in this program, please complete page two of this authorization form and mail or fax it to the District along with a voided check or copy of one.

How does it work? The monthly water bills are sent to our customers the second week of every month. The District water bill is due upon receipt and becomes delinquent if not paid by the due date. If you elect to participate in Direct Payment, the amount of your water bill will be automatically debited from your checking or savings account on the 20th of the month (or the next business day.)

TO ENROLL:

- 1 Complete page two in full, indicating your understanding of the policies as explained in this agreement for the Direct Payment Program.
- 2) Mail or fax Page Two to the District (with a voided check from the designated account.)

We must receive this authorization (and the accompanying voided check) no less than five working days before our next scheduled Direct Deposit date, which is the 20th of each month (or the next business day.)

It is very important to review your bill immediately upon receipt. The District is not responsible for any injury or damage caused to customers if the customer fails to report an error on their bill in writing to the District at least five days before the automatic debit date. In the event an error is discovered, it is the sole responsibility of the District to correct the customer's account for the amount in error.

If you do not receive your bill, or you do not want the amount of the bill deducted from your designated account, you must contact the District and initiate a request for a review at least five days before the automatic debit date. Please retain a copy of your written request for your records. Requests received less than five days before the automatic debit date may not allow us sufficient time to process the needed correction

If there are insufficient funds in your account to cover the direct payment, you will be assessed a service charge. After two occurrences of insufficient funds, you may no longer be eligible for the Direct Payment Program. You may cancel participation in the program at any time by giving the District sufficient notice. Please keep a copy of the cancellation request for your records. Your participation is automatically ended with the *final* billing when you close your water account with the District.
