**IN MAKING APPLICATION TO MONTECITO WATER DISTRICT FOR THE WATER METER UPSIZE OR DOWNSIZE DESCRIBED HEREIN, I AGREE AS FOLLOWS:**

1. I am a legal owner of the property identified by the service address above or an authorized agent of the owner with authority to enter into a legally binding agreement on behalf of the property owner.
2. Owner agrees that the District shall not be held responsible for inaccurate meter size determined based on information provided by owner or authorized agent that is incomplete or incorrect.
3. Owner agrees to pay any and all District fees and costs associated with this application, including but not limited to the legal fees and costs associated with litigation arising from the processing of this application or purchase of a water meter to the subject property.
4. Owner agrees to defend and indemnify the District and its officers, employees and agents, and will hold them harmless from any and all liability arising from the approval of this application and/or provision of service as requested.
5. I certify that all the information provided in this application is true and correct to the best of my knowledge.

**NOTICE FOR SUBMITTALS:**

- **Interior Demand Calculations** – applicant should provide the fixture unit count and resulting interior demand in GPM for the project in accordance with the most current California Plumbing Code. Applicants may use the IAPMO calculator located here: <https://www.iapmo.org/water-demand-calculator/>
- **Irrigation Calculations** – if an irrigation system is planned, provide calculations to indicate maximum daily flow rate in gallons per minute (GPM), average daily demand (GPM) and minimum pressure requirements. Calculations shall be performed and stamped by a landscape designer, architect or engineer licensed in the State of California.
- **Fire Flow Calculations** – if the Fire Department requires interior fire sprinklers or fire hydrants, provide the fire flow calculations including flow rate in GPM and minimum pressure requirements for the system. Calculations shall be performed and stamped by a fire sprinkler contractor licensed in the State of California (C-16).
- Submit applications to **583 San Ysidro Rd, Santa Barbara CA 93108**, or email to [engineering@montecitowater.com](mailto:engineering@montecitowater.com)
