

WATER RATE UPDATE

Montecito Water District updates its financial plan yearly and performs a comprehensive review of water rates every three to five years. This year, the process has showed the need for the District to adjust rates in the coming years.

If approved, the new rates will help the District keep up with extraordinary inflation, fund critical infrastructure maintenance and investment, and ensure resources are available to respond quickly to emergencies.

CONSUMER CONFIDENCE REPORT 2023

WATER QUALITY CONTINUES TO MEET OR EXCEED STANDARDS

Montecito Water District is pleased to provide you with the Annual Drinking Water Consumer Confidence Report. This report explains where your water comes from, provides information on water quality and how it is measured, and presents the District's 2023 test results which show that drinking water met, or was better than, state and federal water quality standards.

The report will be available online to view or print* by June 30, 2024. You can access it at montecitowater.com/doc/ccr2023

*As part of our efforts to reduce costs and minimize environmental impacts, we now deliver reports electronically. If you would like to receive a printed copy of the report, please email info@montecitowater.com, call us at 805-969-2271, or visit the District office at 583 San Ysidro Road, Santa Barbara, CA 93108.
